Exposure to Securitized Products

Including Subprime-Related Investments

The Dai-ichi Life Insurance Company, Limited (the “Company”; President: Koichiro Watanabe) discloses its exposure to securitized products, including subprime-related investments, based on the “Leading-Practice Disclosures for Selected Exposures” included in the Financial Stability Forum (FSF) report announced in April 2008.

The Company’s exposure to securitized and subprime-related products is as follows:

- The Company held no direct investments in subprime-related products as of March 31, 2013.
- The Company holds investments in hedge funds, and some of their underlying investments include subprime-related products. As the exposure in the total portfolio is small, the Company believes that they would have a limited impact on its financial condition even under market fluctuations.
- RMBS accounts for slightly less than 80% of the Company’s total balance of securitized products in terms of fair value as of March 31, 2013. The breakdown of the RMBS is: (1) securities backed by US government agencies or US government-sponsored enterprises, (2) securities backed by Japanese mortgage loans, and (3) securities issued by Japan Housing Finance Agency.

The Company defines “unrealized gains (losses)” as fair value less book value and “realized gains (losses)” as total of gains (losses) on sales and impairment losses.
